## FROM THE ADMINISTRATION

This handbook has been written, planned and distributed to help acquaint the students of Mason School with the general plan and regulations under which this school is operative.

It is sincerely hoped that the students will refer to this handbook as a guide in planning their school activities and as a help in determining conduct to follow at given times.

It also is hoped that frequent references to this booklet will be of real help to students so that they will realize that information not contained in this booklet may be obtained from teachers and administration who, in the final analysis, are here for the benefit of the students.

The following information contained in the Mason Student Handbook includes policies for student to follow, but is not an exhaustive list of rules and regulations. There may be situations arising that are not covered by the policies in the handbook. All decisions regarding questions of students' behavior, discipline and any unforeseen occurrences and circumstances will be made by the administrator.

## MASON SCHOOL OBJECTIVES

The fundamental objectives of Mason School are to help each student:

1. To develop and maintain good physical and mental health.
2. To develop confidence in the fundamental tools of listening, speaking, reading, writing, mathematics, and the arts and sciences.
3. To think creatively, act responsibly, learn to understand the true meaning of freedom, and know we have the right to make and duty to respect and obey the laws of our land.
4. To respect and understand another's point of view so that the student can live peaceably and happily with others.
5. To develop an appreciation of the duties, responsibilities, and privileges of a world citizen.
6. To develop moral responsibility and sound ethical and moral behavior.
7. To develop criteria for selecting and practicing suitable leisure time activities.
8. To develop a respect and understanding of his/her heritage.

9. To experience wholesome social situations that will train him/her to be a contributing member of his/her country.
10. To develop saleable skills, understanding, and attitudes necessary to an intelligent and productive worker.
11. To understand how to purchase and use goods and services intelligently, understanding both the values received by the consumer and the economic consequences of his/her acts.

It then follows that in order for the teacher to assist each student to develop his/her fullest potential:

1. We must provide common experiences which will uncover potentials, interests and abilities.
2. We must accept the student where he/she is and provide experiences for their further growth so that he/she will feel "I can learn, I am learning."
3. We must provide enriching experiences for those of unusual ability which permit them to develop more deeply into fields of special interest.
4. We must set immediate and attainable goals for those with limited capacities.
5. We must constantly strive to meet our objectives and to adjust to the changing need of our students so that we will provide the best possible educational program.

### **JURISDICTION**

The teacher of a child attending a public school shall have the same rights as a parent to control and discipline such child during the time the child is in attendance or in transit to the school or classroom. (Article VI Section 95; 1971 Oklahoma School Laws)

### **SEARCH AND SEIZURE LAW**

The law allows school officials to have access to school lockers, desks, and other school property in order to properly supervise the welfare of pupils. School lockers, desks, and other areas of school facilities may be opened and examined by school officials at any time, and no reason shall be necessary for such search.

School officials also have the authority to detain and search any student (NO STRIP SEARCHING) or property in the possession of the student when he/she is on school property, on the bus, or at school functions. This authority is given to school officials if they have reason to believe the student is in possession of a dangerous weapon, drugs, alcohol, or stolen property.

### **TRANSPORTATION**

It is the responsibility of the board of education to provide safe, warm and clean transportation for students. Drivers are required to hold a bus driver certificate from the state board of education, to keep themselves physically fit and available. They are to abide by all the rules of the road and maintain order on their buses. All incidents of misconduct are to be

reported immediately.

Bus drivers are to report all things unsafe or irregular about their buses. They are to keep records of haul mileage and expenses in books provided by and kept in the office of the superintendent.

Drivers are to have their contracts renewed annually. Drivers are to perform routine maintenance and are expected to check and clean their buses regularly.

Under no circumstances are students to be permitted to drive a school bus.

Contracted drivers with privately owned vehicles are to furnish the board of education with a copy of insurance policy.

### **BUS STUDENTS**

Riding a school bus is much the same as being in a classroom. The driver has the same jurisdiction on the bus as the teacher does in the classroom. He/she may assign you a seat, require you to be on time, demand quiet and refuse to let you eat and drink on his/her bus. He/she is to pick you up and let you off at a designated place and no other. Any exception will have to be prearranged. All Mason students are eligible to ride buses.

The driver's only interest is to transport students safely to and from school. He/she must have your cooperation. Continued misbehavior or abuse on the bus could cause him/her to refuse to transport you any longer.

All school buses will leave the school five minutes after the dismissal bell. Buses will start their routes at such a time in the morning that they will arrive at the school not earlier than 7:45 a.m.

Students are not counted absent for the purpose of examinations if the bus fails to run the route. No tardies will be charged against the students when the bus is late.

The bus driver has been given the authority to remove any student from the bus when such student persists in disobeying regulations. However, before removing a student, the bus driver must make a report to the principal or superintendent. After consultations with the administration, then the student may be kept from riding the bus.

Between the time you board the bus in the morning and leave the bus in the evening, you are under the jurisdiction of the board of education and its employees. You are subject to their rules and regulations on the school grounds and activities, day or night. Any deviations from these rules and regulations can result in problems and wasted time for everyone concerned. Let's all work and play together.

### **ENROLLMENT — COURSE OF STUDY**

Every student will enroll in a full course of study, not more than one period is to be devoted to P.E. or Competitive Athletics. A Required number of periods should be devoted to the basic core curriculum such as Math, Science, English and Social Studies. At the earliest possible time, High School students should select a major area and enroll in as many subjects in that field as time will allow. ### **BELLS**

Bells do not dismiss class, teacher do. Ample time will be given for normal in-between class routines.

### **ATTENDANCE**

**REGULAR ATTENDANCE IS A CONTRIBUTING FACTOR TO SUCCESS IN SCHOOL.** Irregular attendance is the chief cause of failure and subsequent withdrawal from school.

**SCHOOL WORK TAKES PRECEDENCE OVER EVERYTHING ELSE.** All shopping, visiting, dental appointments and other engagements are to be planned so that parents will not request, or permit pupils to remain away from school. **THE WORK OFFERED AT MASON PUBLIC SCHOOL IS BASED ON THE ASSUMPTION THAT THE STUDENT WILL BE PRESENT EVERY DAY.** Experience has shown that a high quality of work is not possible with irregular attendance.

Students must attend class in order to receive credit for taking a class. Prolonged documented illness may be an exception. Any exceptions must be appealed to the respective principal.

Students who are absent, **EXCUSED** or **UNEXCUSED** more than 5 days during a 9 week period will be subject to the following grading scale: On the 6th absence the student will lose one letter grade of his or her current 9 week grade. On the 7th absence the student will lose one letter grade below the 6th absence letter grade. On the 8th absence the student will not receive credit for the grading period. For students enrolling late and who have not been in any school, the 5 days allowable will be converted into a percentage for the number left in the nine week

period. These students will be allowed only that percentage of the time that they are on roll. Students enrolling from other schools will be charged with absences accrued at their previous school. Failure is defined as a grade of 59% or if the student grade is less, the lesser grade will be entered.

**EXCUSED ABSENCE:** An excused absence is one due to an illness, an unavoidable medical appointment, or a death in the family. With this type of absence, students are allowed to make up the work missed under administrative and teacher supervision within a reasonable period of time.

**UNEXCUSED ABSENCE:** This type of absence is defined as being truant from school or for being absent other than described by excused admit type absence. Students are required to do the work missed within two days after they return to school and may be penalized 10% on work made up.

**OROS ATTORNEY TERRY THOMAS APPROVED ON 6-21-04**

Three tardies in each class period will be counted as an absence in that class.

**ATTENDANCE AWARD**

**Pupils who have been neither absent nor tardy for the entire year will be given attendance certificates.**

In order to qualify for perfect attendance, a student must have been in attendance at Mason School for the entire school year.

**ELIGIBILITY**

A student must be passing in all subjects he/she is enrolled in with a 70% average on a weekly basis to be declared eligible. If a student is not passing all subjects he/she is enrolled in with a 70% average at the end of the one week period, he/she will be placed on academic probation for the next one week period. If a student is still not attaining a 70% average in one or more classes at the end of his/her probationary one week period, he/she will be declared academically ineligible to participate in all extra-curricular activities for the next one week period. The ineligibility period will begin on Monday and will end on a Sunday. A student who has lost eligibility under this provision must attain a 70% average in all subjects he/she is enrolled in to regain eligibility.

**SHOW ANIMALS**

If a student is ineligible to participate in any extracurricular activity for any reason, including rules of the OSSAA, the animals owned by that student are also ineligible for any show. (OSSAA Administrator Handbook, Section 5, Pg. 11)

**LATE ENROLLMENT**

Perfect attendance will not be credited to students enrolling late. Absences before enrollment will be charged against students.

**TARDY POLICY**

Tardiness is to be recorded by the teacher, and the student should be sent to the office for an admit. Excessive tardiness will result in disciplinary action.

**LEAVING SCHOOL**

High school students leaving school during the school day for any reason must receive a blue permission slip from the office. Upon returning to school, they must get an admit from the principal's office. This applies even though a student leaves school at lunch time and is not returning that day.

Anyone requesting students to leave during school hours must make that request through the principal's or the superintendent's office, and the respective student will come to that office before final permission is given to leave.

Phone calls from a parent or legal guardian for students under the age of 18 will not release students to leave campus for anything other than a medical appointment. (Students must bring a Doctor Slip to be allowed back in school with an excused absence). If other than a medical appointment a parent or legal guardian for student under the age of 18 must come to school and sign them out in person in the appropriate office. Any deviation from this policy will have to be approved by the principal on a case by case basis.

### **PROMS AND BANQUETS**

Proms and banquets will be held on Saturdays. No time from school will be allowed for decorating for proms and banquets, and no student will be excused early from school to prepare for proms and banquets. Final decision of prom and banquet date will be made by the class sponsors and approved by the principal no later than March 15. The junior class will only be responsible for furnishing meals for the junior and senior class, junior and senior sponsors, and their spouses. All other employees of Mason School that want to attend will have to prepay for their meals and the meal of their spouse or guest.

In accordance with the policy of the board of education, the following shall govern the Mason Junior-Senior Prom:

(2) 9th and 10th graders may attend the prom only as a date/escort of a junior or senior, unless they are participating in the capacity of a server and have been selected by the junior-senior sponsors.

(3) All dates/escorts of a junior-senior that do not attend Mason Schools must have prior approval from the school administration before they may attend the prom/banquet.

Those riding the bus on any school sponsored field trip will include sponsors assigned by the principal, students of that class, parents of students in that class. No other children will be allowed to ride the bus on any trip.

### **CLASS TRIPS**

Field trip rules also apply to Class Trips. Class trips will follow the OSSAA regulations on eligibility.

### **SENIOR CLASS TRIP**

As of June 26, 2000, Mason School will no longer have a Sr. class trip. Mason will allow the Sr. class to have an end of the year class field trip. The class must go somewhere educational in nature for part of the day and then can go somewhere fun for the rest of the day. Each destination must be approved by the principal. Mason School will not allow there to be any overnight Sr. class field trips. Each student will have to earn their way to go on the class field trip by a point system which will be given to each Sr. at the beginning of each school year.

### **VISITORS IN CLASSROOM**

Only authorized school personnel, related personnel, parents or guardians will be permitted in the classrooms during regular class hours. These visitors must obtain written authorization from the administration. All unauthorized visitors will be requested to leave.

The telephone is a business instrument. It is not to be used otherwise. You will be called to the phone if the message cannot be delivered and if

No person is allowed in the kitchen area unless wearing a hair restraint.

### **FUND RAISING SALES/CLASS FUND MONEY**

All fund-raising will be done from September 1, to April 15, except for the Friday concession stands. All fund-raising will stop at this time unless extension is granted by the principal.

Selling of candy, etc. within the community should be held to a minimum. Selling of candy, etc. at school will only be allowed before school, at noon and after school. No selling will be allowed during class time or at breaks between classes. Any deviation from this must be cleared through the building principal. Sponsors are responsible for fund-raising. All money must be cycled through the proper account with the secretary of the school. All fund-raising will be scheduled through the principal's office. All fund-raising, if at all possible should only be done once a year per class or organization. Any deviation from this must be cleared through the principal. Asking for donations must be kept to a minimum. Each class KG-10\* will hold in reserve a minimum of 20% of the money earned each year to send on with that particular class to the next year. Each year's beginning balance sent with the class cannot be spent until that particular class reaches their junior year. Then only 50% of the total amount sent on through the years can be spent by the junior class.

The other 50% must be saved until that particular class reaches their senior year. The money sent forward to the senior year will be spent on all seniors in the class. This will include but not be limited to: picture sitting fee, announcement deposits, senior roses, graduation reception, graduation flowers, graduation programs, etc. No money sent forward can be spent on a Sr. class trip. Class trip money has to be earned by the class during their Sr. year. (See Sr. class trip in handbook.) If a concern develops on the final bills of the senior class, then there is a possibility that 10% of total monies will be held in reserve to pay accounts outstanding. (\* 8th grade may spend 100% of money raised during their eighth grade year.)

The following are the amount of fund raisers that each class or organization will be allowed to utilize each school year. Any deviation from this schedule must be approved by the principals.

### **SUSPENSION POLICY**

The following policy is a basic guideline. Final decisions will be at the

discretion of the principal. Students have to follow the school policy for there to be a quality learning environment. If a student chooses not to follow school policy, then suspension will be used. On the first suspension from school the student may be sent home for five school days. On the second suspension from school, the student may be sent home from five to nine school days. On the third suspension from school the student will be sent home for a minimum of ninety school days. The third suspension could run into the next semester of any school year. Any 9 week test or semester test that needs to be taken during suspension will be done by arrangement made through the principals office. The student may re-enter school after the suspension has been completed. Students will be allowed to make up work missed only in the core subject areas. No student will be allowed to attend any extra curricular activity while on suspension.

Suspension from school will be used only in extreme cases of nonconformity to school policy. When suspension seems to be the only solution, the following procedures shall be followed:

- A. Written notice of the suspension will be sent home by the student and given to the superintendent. The principal will mail or phone parents to inform them of said suspension.
- B. On any suspension a student will be given:
  1. Oral or written notification of the nature of the violation and the intended punishment.
  2. Conference with the disciplinarian allowing the student time to tell his/her side of the story.
  3. If the student denies the violation, the student will be given an explanation of the evidence of the violation upon which the disciplinarian is relying.
- C. When the suspension is long-term, the following procedure will be followed: the accused student will be given:
  1. Written notice of the violation, the intention to suspend, and the date, place, time, and circumstances of the hearing.
  2. Full and fair hearing before an impartial person.
  3. Right representation.
  4. Opportunity to present evidence on the accused person's behalf and to cross-examine opposing witness.
  5. Written records showing that the final decision was based on evidence.
- D. According to H.B. 2335, any suspension may be appealed if there is doubt of guilt, or if the suspension seems unreasonably severe for the rule violated. When an appeal request is received by the principal, a time and place for the appeal conference will be set. In order to be impartial, the elementary principal will mediate high school appeals, and all elementary appeals will be mediated by the high school principal. At this time the disciplinary action will be sustained, rescinded, or modified. On all suspensions of 10 days or less the decision of the principal mediating will be final. On any suspension of more than 10 days, further appeals may be made to the superintendent and the Board of Education.

E. The above suspension rules also apply to busses.

**SOME EXAMPLES THAT COULD LEAD TO SUSPENSION ARE:**

- **Fighting on or near school property.**

Corporal punishment must be administered by a teacher or principal in the presence of another teacher or official, who must be told in the student's presence, the reason for the punishment before the punishment is administered. The student need not be afforded a formal opportunity to present his/her side to the second official (the second official's presence is required to allow the student to protest any egregiously, arbitrary or contrived application or punishment).

### **BULLYING POLICY**

#### **Harassment, Intimidation and Bullying Prohibited**

"Harassment, Intimidation, and Bullying" means any gesture, written or verbal expression, electronic communication, or physical act that a reasonable person should know will:

**FOR COMPLETE BULLYING POLICY, CONTACT SCHOOL ADMINISTRATION**

## **ORDER TROUBLEMAKERS AWAY**

In 1973, the Oklahoma legislature enacted Section 24-131 of Title 70, Oklahoma Statutes, which empowered the chief administrative officer of public schools to remove or order the removal of persons who interfere with the peaceful conduct of activities at school districts, or who commit any acts which interfere with the peaceful conduct of educational activities. The law spoke to the removal of such persons only from school buildings and school property.

In the 1995 legislative session, Section 24-131.1 was added to Title 70 to include the removal of persons from "sanctioned athletic events". The statute now also defines the "premises of the secondary school".

Therefore, current law permits the chief administrative officer, who may be the principal, superintendent, or other person in charge of the management, administration or control of any secondary school, to direct the removal of any person who, during the period of a sanctioned athletic event, conducts any act which materially and substantially interferes with the peaceful conduct of a sanctioned athletic event, including projecting an object which could cause bodily harm to another person; entering the physical boundaries of a sanctioned athletic event for the purpose of disrupting or interfering with the event; or threatening to kill or injure any person with the apparent ability to do so during the period of the athletic event; or using violent, obscene, indecent, or profane language in a manner which materially and substantially interferes with the peaceful conduct of the event.

The statute provides the refusal of such persons to remove themselves when so ordered to be a misdemeanor.

Dear Mason Public School Parent:

As a result of our recent building survey concerning asbestos, we have not discovered any asbestos-containing materials in the Mason School buildings.

There were some non-friable materials which have been assumed to contain asbestos but pose no immediate health risks as long as they remain non-friable.

In the interest of your future safety and in compliance with EPA and State Department of Health regulations, we will be monitoring all assumed asbestos containing building materials every six (6) months to verify that they have not become friable or damaged.

The AERA Asbestos Management Plan for the Mason Public Schools is available for viewing in the office of the Superintendent.

Should you have any questions please call the Asbestos Manager, Mason Public Schools Superintendent at the following number (918) 623-0231.

**IF SENDING YOUR CHILD TO COLLEGE IS YOUR GOAL . . .  
the Oklahoma a Higher Learning Access Program Can Help.**

Sending your child to college may seem a long way down the road, but planning for his or her future now can help you put your child on a winning track toward a college degree. Even if you think you can't afford a college education for your child, there is still a way you can help your child go to college in Oklahoma.

**How it works:** The Oklahoma Legislature has set up a fund that will help pay for a student's education if his or her parents' total yearly income is not more than \$50,000 (beginning Fall 2000). That program is called the Oklahoma Promise.

Students must enroll in the program in 8th, 9th or 10th grade. Students start early so that they can get ready for college by taking high school courses that will help them do well.

Students must take certain courses and pass those courses with at least a C+ grade average (see full description of required curriculum).

Students must go to class regularly and do their homework.

Students also agree to stay out of serious trouble and away from drugs and alcohol.

**What are the benefits:** Once a student has completed the program's goals and graduated from an accredited high school, Oklahoma Promise will help pay the student's tuition at a public two-year college, four-year university or a public technology center that offers college credit for certain programs. It will also cover at least a portion of tuition at certain private colleges and universities. The scholarship is good for up to (5) years or until the student completes a four-year undergraduate degree, whichever comes first.

**How you can help:** Encourage your child to do well in his or her courses and to stay out of trouble. When your child signs up for the program in the eighth, ninth or tenth grade, you'll also sign an agreement and promise to help your child successfully reach the goals of the program.

**Where to find more information:** If you have any questions or need more information, you may call higher education's information hotline at 800.858.1840.
